Purchases with your Gift Card

Select goods or services at participating Traders and take them to the point of sale. The point of sale will instruct you to present and swipe your Gift Card, and then enter the access PIN. The transaction will be completed when the balance has reduced on your Gift Card. No change will be given. Any remaining card value can only be used in whole or part against future purchases.

The remaining Gift Card balance may be checked at any time via: [Check My Card Balance – Cards4all](#)

You agree that we can reduce the remaining card value by the value of all purchases of goods and services that are authorised by you.

Transactions are authorised by you by:

- presenting your Gift Card and entering your access PIN, or allowing an operator or other person to do so, at an electronic point of sale terminal at a participating Trader; or
- giving a participating Trader details of the Gift Card and authorising the transaction in some other way approved by that Trader. When you authorise a transaction:
- you are confirming that the transaction correctly represents the purchase price of the goods or services obtained; and
- you are agreeing to pay the amount of that transaction by the reduction of the remaining card value.

Purchases exceeding the Gift Card value

Your Gift Card may only be used to make purchases up to the remaining card value. If you wish to make a purchase for an amount that exceeds the remaining card value, you must pay the excess using another payment method.

No cash advances. You cannot obtain any cash advance with your Gift Card or redeem your Gift Card for cash.
