Join a new era of the iconic
Adelaide Central Market

The Adelaide Central Market is the heart of the city

More than 8 million people visit the world-renowned fresh food and produce market each year to soak up the atmosphere, sample some of Adelaide's most popular eateries, and shop a huge range of fresh produce including fruit and veg, meat, seafood, smallgoods, cheese, health foods, and patisserie.

Adelaide's #1 tourist attraction is supported by a vibrant local community alongside some of South Australia's most loved multigenerational family businesses and food brands.

A community favourite since 1869, the Market is making history again with a once-in-a generation development.

This \$400 million Market Square project brings with it a rare opportunity for retailers to join the Adelaide Central Market with 53 new tenancies available.

The Adelaide Central Market acknowledges the Kaurna people as the Traditional Owners of the Country where the Adelaide Central Market is situated today, and pays its respect to Elders past and present.

The Vision

The Adelaide Central Market is a world leading food and produce market and the heartbeat of South Australia, a vibrant and unique hub of community, diversity and culture.

As we double the size of our iconic Market, we will honour its rich heritage with a shared dedication to preserving the soul of our beloved Market, while embracing the opportunities of tomorrow.

For generations to come, our expanded Market will be a melting pot of flavours, cultures and experiences from around the globe. Every stall will tell a story, every bite a journey. From handcrafted delicacies to simple staples, every offering will be a testament to our unwavering commitment to excellence.

Customers will remain at the heart of all decisions, every day, and we will foster connections that transcend commerce.

The Expansion

The Market currently lives in two heritage-listed buildings and the expansion is inspired by their architecture and sense of place.

A grand Market Hall will sit at the heart of the expansion to capture the spirit of generosity and culture that the Market embodies. This architecturally designed project is destined to set a new benchmark for design in South Australia.

Additional connections between Grote and Gouger Streets will include a laneway supporting urban culture and art, and the east-west link between Victoria Square and the Market will form a direct line into the city's primary festival and event spaces.

The Opportunity

The retail mix of the Market Expansion has been carefully planned to complement existing offerings while embracing new trends and planning for future customer demand.

The Adelaide Central Market now has up to 53 tenancies available across four main categories:

- **Food Retail**
Food Trader that only provides product to take home and consume.
- **Food Catering**
Food Trader that specializes in grab and go or provides an “eat there” experience.
- **Hybrid Offering**
Trader that has a blend between Food Retail & Food Catering, or Food Retail and Living & Giving.
- **Living & Giving**
Trader that complements the Food Retail & Food Catering categories.

The Designs

The Market Expansion will offer three types of retail tenancies guided by the location within the Market.

Stalls

Stalls take their inspiration from the iconic Market stalls already within the existing Market. A full length bulkhead frames the tenancy and allows for signage, lighting and the design of your stall to be continued across this frontage.

Kiosks

Kiosks surround the Market Hall space with their design to encourage natural light and organic wayfinding to take place without blocking key sightlines.

Stores

These tenancies form the perimeter of the Market and offer a more traditional retail/hospitality experience.

The Stalls

The design guidelines for new stalls will capture the essence of the existing Market while allowing for adaptability. The Expansion is about strengthening what our shoppers love while providing unique experiences and a vibe unmatched in South Australia. Visual theatre, interactivity and abundance will be championed.

The Adelaide Central Market Authority is governed with diligence and vision by a distinguished independent Chair and Board of South Australian leaders. Their collective expertise, from marketing to governance or property ensures the Market retains its pivotal role in the community and that the development benefits both the City of Adelaide and the entire state.

We see our traders as our business partners and we work hard to ensure the market is safe, clean and well maintained, so you can focus on doing what you do best.

Cementing its importance within South Australia, the Market has a substantial and engaged digital reach, as well as strong working relationships with media outlets.

In addition to major seasonal campaigns, the Market runs a series of major events and activations throughout the year that promote our diverse offering, encourage visitation and deliver media coverage. These activations provide additional opportunity for tenants to participate and be promoted through these centre-wide campaigns and events.
